## GLAMOROUS

Have you ever thought that the life is built on oppositions? There is good, there is bad, there is light, there is dark. Without bad, good has no meaning; without darkness, the sunlight is meaningless. The harmony of the oppositions makes our lives meaningful.

The GLAMOROUS collection is the harmony between different characteristics of the fabrics. In order to match the spirit of your decoration with the character of our fabric, first you should touch and feel the fabric. Then please take a sip of coffee, lean back and the fabric will tell you where it belongs.
